FEDERAL REPUBLIC OF GERMANY
GERMAN PATENT OFFICE
UTILITY MODEL NO. G 93 16 583.8 U1

Main class:	B 65 D 1/04
Subclass(es):	B 65 D 25/04
Filing Date:	October 29, 1993
Registration Date:	April 14, 1994
Publication in the Patent Bulletin:	May 26, 1994

HARD PLASTIC BOTTLE

Name and headquarters of the holder:	Ingrid Homberg, nee Haselbeck, 45527 Hattingen, DE LBE (Interest in license assignment nonobligatorily declared.) October 27, 1993
--------------------------------------	--

UTILITY MODEL PROTECTION

A hard plastic bottle with solidly injected hard plastic partition wall is involved.

This hard plastic bottle also has two openings independent of each other, one for each chamber, for two different liquid products.

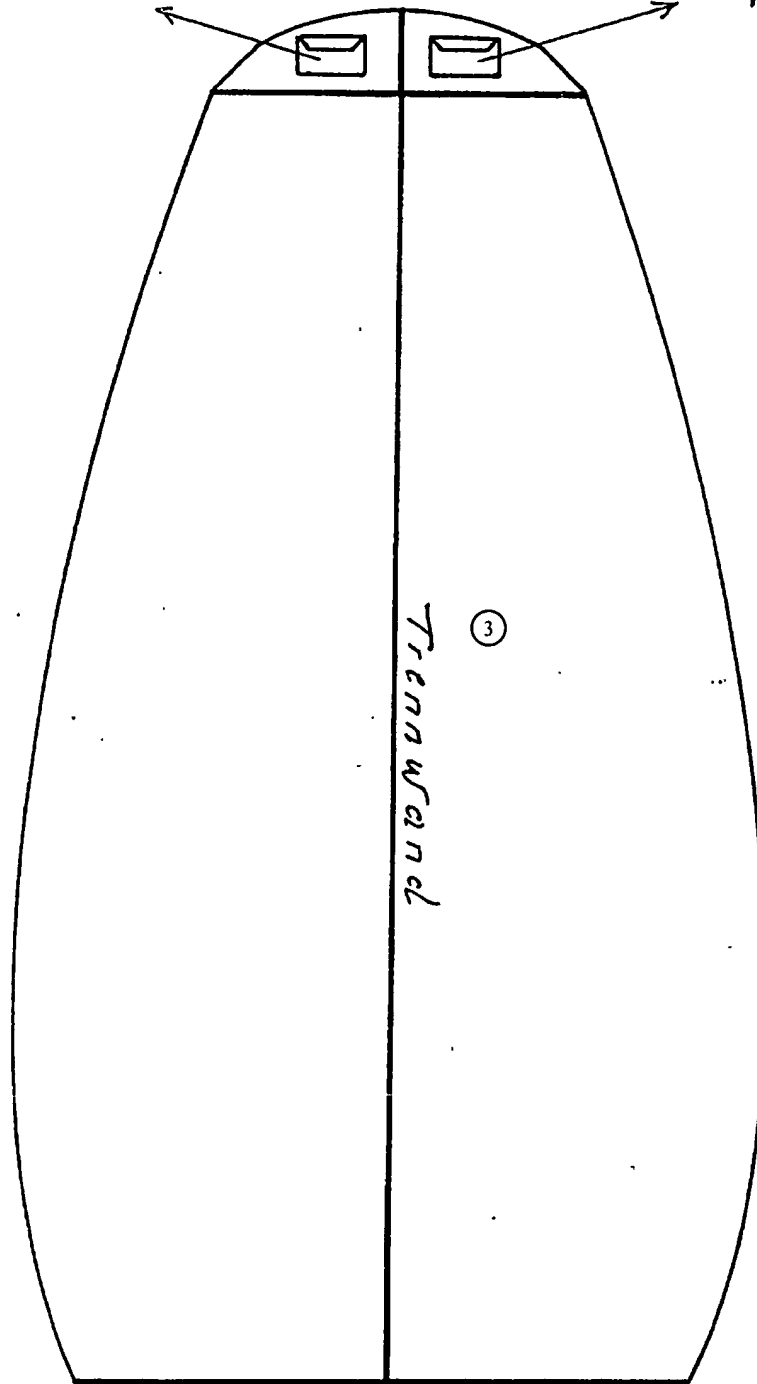

The hard plastic bottle has a smooth bottom to assure better stability.

Claim

The claim is a solidly injected hard plastic partition wall.

Each chamber has a separate opening.
